

From the Student Leaders, we would all like to thank you for your continued support in these difficult times. We have been working on a few different projects for the school as well as different charities this term. We hope to see the positive effects of our work around the school soon!

## NEW STUDENT LEADERS

This year we have appointed some new Student Leaders from all years after some very impressive applications were submitted. We are all looking forward to them getting involved and working with us on our up and coming projects. We hope to see a lot of new and exciting ideas from our new leaders that can contribute to an all-round improvement of the school. Thank you to all that applied and took up a role!

## FOOD BANK

We have seen a lot of success with the food bank that we recently set up. Students from all year groups have been contributing to the growing amount of food. The food bank is a great cause that we have supported for many years. We would like to thank everyone who has contributed food this winter and we can assure you it is going to be used well.

## TEACHER INTERVIEWS

### MR SHELLIS – PE

#### **What sport have you always wanted to try?**

- If I could try any sport to a high level it would be NFL. I love the tactics and precise skills required for it.

#### **What is your favourite sport to teach?**

- I love teaching gymnastics. The risk excites me!

#### **If you could only eat one food for the rest of your life what would it be?**

- Absolutely without any shadow of a doubt it would be cheese.

## MRS DEVLIN-CLARKE – ENGLISH

### **What is your all-time favourite book?**

- A Christmas Carol by Charles Dickens. I read it every year in December and it always makes me feel festive and ready for Christmas. It's also beautifully written and a wonderful example of classic literature.

### **What is a book you think everyone should read at some point?**

- The Harry Potter Franchise! JK Rowling engages adults and children alike. She opens up a world of fantasy and makes reading a real pleasure for all.

### **If you couldn't teach English, what subject would you have taught?**

- I probably would have taught drama. I love reading Shakespeare and bringing the worlds to life!

## LITTER

This term we decided to hold a competition to create a litter poster for the school – the winning poster read **Don't be a litter bug!** This competition has contributed to the hopes of making our school a litter free zone. We pride ourselves on having a clean, healthy environment around the school. We ask that all members of WCA try their hardest to keep our school clean and not leave their litter around the school site.

## SMARTIES CHALLENGE

Due to restrictions this year, raising money for charity has become a bit of a challenge. However, we still want our new Year 7's to get involved with raising some money. Next term we are introducing the Smarties challenge. Every Year 7 student will get a smarties tube and we encourage that you fill it with a 20p every time you do a chore/job around your house. This money will then be collected and given to one of this year's chosen charities.
